

Environment Policy

Oscacer – Cesar Rola, Lda. aims to provide its services with a high level of quality and professionalism, ensuring compliance with customer requirements, applicable legislation, and environmental requirements.

As part of its activity, the company is committed to implementing and maintaining an Environmental Management System, promoting a culture of continuous improvement, with a view to optimizing its processes, reducing waste, and minimizing environmental impacts.

Thus, Oscacer undertakes the following commitments:

1. To implement, maintain and continuously improve its Environmental Management System
2. To comply with applicable environmental legislation and other relevant requirements, namely those defined by the Portuguese Environment Agency
3. To prevent pollution and minimize the environmental impacts associated with its activity
4. To ensure the correct management of waste produced, promoting its reduction, reuse and recovery whenever possible
5. To promote the efficient and sustainable use of natural and energy resources
6. To promote energy efficiency solutions and the use of renewable energies
7. To raise awareness and involve employees, suppliers and customers in the adoption of good environmental practices
8. To promote the continuous training of employees, reinforcing skills in the environmental area and good operational practices
9. Implementation of mechanisms that help reduce electricity production (Photovoltaic panels and LED lamps to reduce consumption);

This Environmental Policy is communicated to all employees and made available to stakeholders, and is periodically reviewed to ensure its suitability and effectiveness.
